THE COINAGE OF SILVER

Bill Passes the House to Increase Subsidiary Coinage.

DEMOCRATS OPPOSE

It Required Half a Dozen Roll Calls Before the Measure Was Disposed of—Senate Debating the Philippines Bill.

Washington, May 30.—The house Thursday passed the bill to increase the subsidiary silver coinage. The Democrats directed their fight chiefly against the provision to recoin the standard silver dollars into subsidiary coin, as public necessities might require. A half dozen roll calls were forced. Some of the New York Democrats voted for the previous question, but voted with their colleagues on a motion to recommit with instructions to strike out the provision relative to the recoinage of silver dollars.

The conference reports on the omnibus public buildings and fortifications appropriations bills were adopted.

The text of the subsidiary coinage bill is as follows:

"That the secretary of the treasury is hereby authorized to coin the silver bullion in the treasury purchased under the act of July 14, 1890, into such denominations of subsidiary silver coin as he may deem necessary to meet public requirements, and thereafter, as public necessities may demand, to recoin silver dollars into subsidiary coin; and so much of any act as fixes a limit to the aggregate of subsidiary silver coin outstanding and so much of any act as directs the coinage of any portion of the bullion purchased under the act of July 14, 1890, into standard silver dollars, is hereby repealed. Some minor business was transacted by unanimous consent before the house resumed the consideration of the bill to increase the subsidiary coinage.

A bill was passed for the improvement and care of Confederate mound in Oakwood cemetery, Chicago.

Mr. Loud of California called attention to the fact that there were buried at Confederate mound twelve Union soldiers and 4039 Confederate, and expressed the opinion that the bill would be the first step in the direction of national care for the graves of the Confederate dead. But he made no objection.

A bill was also passed to reduce the selection of reserve banks to cities of 15,000 inhabitants.

Consideration of the bill to increase the subsidiary silver coinage was then resumed, the pending question being on the Newlands amendment to the Grow amendment, by which it was proposed to make silver coins coined under the provisions of the act a legal tender for all debts, public and private.

The Newlands amendment to make subsidiary silver coin legal tender and Mr. Grow's amendment providing that the subsidiary coin should be half and quarter dollars and ten and five-cent pieces of proportionate parts of 412½ grains were defeated without division.

Without amendment the bill was reported to the house. The previous question was demanded, and upon a roll call was ordered.

Mr. Shafroth of Colorado then moved to recommit the bill, with instructions to strike out that portion of the bill relating to the recoinage of silver dollars into subsidiary coin.

The motion to recommit was lost. The bill then passed without division. The senate joint resolution for the appointment of a joint committee to confer upon the action of the house instructing its conferees upon the army appropriation bill was adopted, and the speaker appointed the following committee: Dalzell, Cannon and Richardson.

Mr. Mercer of Nebraska called upon the conference report upon the omnibus public buildings bill, which the senate adopted Wednesday, and it was adopted.

The conference report upon the fortifications bill also was adopted.

The house adjourned until Monday.

The Senate.

Washington, May 30.—Interest in the Philippine debate is increasing as the discussion draws to a close. Thursday the senate galleries were thronged with auditors and the attendance on the floor was larger than it has been for some time. Mr. Lodge of Massachusetts, in charge of the bill, offered on behalf of the committee several amendments to the measure, the most important being one extending to the Philippines the provision of the bill of rights of the constitution of the United States, excepting only the right to bear arms and the right to a trial by jury. All the amendments were agreed to.

Mr. Morgan of Alabama delivered an extended speech in which he supported in the main features of the bill as presented by the committee. He said it looked toward peace and toward a just and peaceful government in the islands. Some charges as necessary, in his opinion, but

these, he thought would be made. He declared that there never had been a pretense of organized Filipino government in the islands and said had Dewey recognized Aguinaldo's claims he would have given aid and comfort to the declared enemies of the United States. He took sharply to task those in and out of the senate who had extolled Aguinaldo and asserted that Filipinos were not fighting for liberty, but simply as the savage tools of the Hong Kong junta.

Mr. Clay of Georgia opposed the pending measure in a carefully prepared speech. He regarded the action of the United States since the ratification of the treaty of Paris, as a great mistake and urged that this government ought to declare its purposes in the Philippines. Such action, in his opinion, would put an end to the trouble in the islands. He maintained that the bill ought not to be passed, as it would confer greater power on the Philippine commission than ever had been possessed by king or potentate.

Late in the afternoon Mr. Spooner of Wisconsin began his speech in support of the bill and the administration's policy in the Philippines, which is to conclude general debate on the measure by the Republican side. He reviewed the situation in the islands and said the responsibility for it rested not on any one party, but on all alike. It appeared strange to him that a measure intended to exalt civil government and to subordinate the military power should create such adverse criticism; and he declared that on the Democratic side there had been nothing heard but pessimism, the gospel of despair, suspicion, distrust and imputation of the motives of the Republican senators. He paid a brilliant tribute to President Roosevelt and to the personality and policy of the late President McKinley. He declared that never in the annals of time had an army carried to a people so much amelioration, so much of upbuilding, so much of kindness and tenderness as the American army had carried to the Filipinos by direction of McKinley.

Mr. Spooner gave notice that he would conclude his speech Saturday.

SEES THE PRESIDENT.

Filipino General Calls to Correct Some False Reports Made.

Washington, May 30.—General Felipe Buencamino of Manila, formerly Aguinaldo's secretary of war, called on the president Thursday in company with Secretary Root. General Buencamino was taken prisoner by the United States troops at the time Aguinaldo's mother was captured, and since that time has been at the head of the Federal Filipino party.

He told the president that his mission to Washington was to correct some of the false reports that have been put in circulation with a view to discrediting the work of both the civil government under Judge Taft and the army. The civil government, he told the president, was doing a really wonderful work for good in the islands, and it had been ably seconded by the army.

The stories of cruelties perpetrated by our soldiers, he said, were either wholly untrue or greatly exaggerated. The army had conducted itself in a way to elicit praise from all right-thinking Filipinos, and this, too, in the face of the greatest temptations and provocations. Judge Taft's commission had the entire confidence of all rightly-disposed natives, he said, and it was General Buencamino's hope that Judge Taft might be induced to remain an indefinite time at the head of the civil government. The Filipinos, he said, love Judge Taft, for he has never once deceived them, and they knew him to be their friend.

The general will appear before the Philippine committee of the senate within the next few days.

Baldwin Says Filipinos of Part of Mindanao Must Be Forced.

Manila, May 30.—Col. Frank D. Baldwin, Fourth United States infantry, has telegraphed to Brigadier General Davis, in command of the United States troops in the island of Mindanao, that he does not expect to establish satisfactory peace conditions in the Lakeland district until the defiant element is wiped out. The natives pretending to be friendly are urging that this be done, as their own lives are in jeopardy, "which," the colonel says, "we are in the highest sense under obligations to protect."

"The defiant element," continues the colonel, "respect nothing but power and the sword. They will destroy human lives until destroyed themselves." General Davis replied that to meet the emergency in the way suggested would necessitate the capture of every fort by admitting the troops as friends, which was forbidden under existing orders.

DAY OF DECORATION

Graves of the Dead at Arlington
Strewn With Flowers.

PRESIDENT SPEAKS.

He Delivered the Oration and a Large Crowd Gathered to Honor the Departed Soldiers—Graves of Confederates Decorated.

Washington, May 30.—Decoration day was observed here perhaps more generally than ever before. The announcement that President Roosevelt would deliver the oration at Arlington brought to that historic city of the dead a vast concourse of people.

The local arrangements included a parade of all the Grand Army of the Republic and other patriotic organizations, decoration of monuments and graves, and addresses by men of prominent in affairs of the government. At Arlington, where the principal exercises were held, a national salute was fired at noon by the Fourth battery of United States field artillery. Music was rendered by Marine band and by the memorial choir.

Upon arriving at Arlington the procession marched to the Tomb of Unknown. The procession then broke up and decoration of graves began. One touching feature of the work of decoration was the strewing of flowers over the graves of the Confederate dead, who lie buried in a section of the cemetery.

In the meantime a vast crowd had assembled at the amphitheatre where services were conducted. The familiar strains of "Nearer my God to Thee," by the Marine band marked the beginning of the services, which had been most elaborately planned.

After the invocation and the rendition of several numbers by the band and the choir, E. B. Hay, read Lincoln's Gettysburg address. President Roosevelt followed. His remarks were given closest attention and he was frequently interrupted by applause.

General Torrance, commander-in-chief of the Grand Army of the Republic, followed the president with few remarks, and then the services were brought to close with playing of "America" by the band, the choir and the assembly joining, and benediction by Henry S. Stevens, the department chaplain.

French Honor Ternay

Newport, R. I., May 30.—Having honored in Washington the memory of Count de Rochambeau, members of the French mission came to Newport today to offer tribute to the memory of Chevalier de Ternay, commander of the fleet of war vessels, which conveyed the Rochambeau soldiers to Newport, their landing place. The tribute of France to its naval hero was paid by placing upon the tomb of De Ternay in Trinity church yard a wreath or laurel sent by President Loubet.

Maine Wreck Decorated.

Havana, May 30.—When the people of Havana awoke on Memorial day they saw the wreck of the Maine the evidence of thoughtfulness and appreciation on the part of President Palma, who ordered that the wreck, which stands as a monument for more than 200 brave Americans, be appropriately decorated to commemorate the day. American and Cuban flags, garlands of roses and wreaths constituted the decorations, and memorial services were held in several of the American churches.

Services in the Philippines.

Manila, May 30.—Military forces here observed Decoration day. There were impressive services at the American cemetery, though bodies of only few soldiers are now buried there. The American club decorated the graves of civilians. It was thought advisable to declare the day a public holiday.

Machinists' Strike.

Palestine, Tex., May 30.—The machinists of the International and Great Northern railroad went out on strike Thursday, owing to the refusal of the company to increase their wages and to reduce the force of apprentices now working for the company. The machinists claim that the company has ignored the rules and regulations of their association, and their grievance was laid before General Manager Trice, who refused to comply with their demands. The strike includes all machinists working for the International and Great Northern system.

Will Investigate Explosion.

DAY OF DECORATION

Graves of the Dead at Arlington Strewn With Flowers.

PRESIDENT SPEAKS.

He Delivered the Oration and a Large Crowd Gathered to Honor the Departed Soldiers—Graves of Confederates Decorated.

Washington, May 30.—Decoration day was observed here perhaps more generally than ever before. The announcement that President Roosevelt would deliver the oration at Arlington brought to that historic city of the dead a vast concourse of people.

The local arrangements included a parade of all the Grand Army of the Republic and other patriotic organizations, decoration of monuments and graves, and addresses by men of prominent in affairs of the government. At Arlington, where the principal exercises were held, a national salute was fired at noon by the Fourth battery of United States field artillery. Music was rendered by Marine band and by the memorial choir.

Upon arriving at Arlington the procession marched to the Tomb of Unknown. The procession then broke up and decoration of graves began. One touching feature of the work of decoration was the strewing of flowers over the graves of the Confederate dead, who lie buried in a section of the cemetery.

In the meantime a vast crowd had assembled at the amphitheater where services were conducted. The familiar strains of "Nearer my God to Thee," by the Marine band marked the beginning of the services, which had been most elaborately planned.

After the invocation and the rendition of several numbers by the band and the choir, E. B. Hay, read Lincoln's Gettysburg address. President Roosevelt followed. His remarks were given closest attention and he was frequently interrupted by applause.

General Torrance, commander-in-chief of the Grand Army of the Republic, followed the president with few remarks, and then the services were brought to close with playing of "America" by the band, the choir and the assembly joining, and benediction by Henry S. Stevens, the department chaplain.

French Honor Ternay

Newport, R. I., May 30.—Having honored in Washington the memory of Count de Rochambeau, members of the French mission came to Newport today to offer tribute to the memory of Chevalier de Ternay, commander of the fleet of war vessels, which conveyed the Rochambeau soldiers to Newport, their landing place. The tribute of France to its naval hero was paid by placing upon the tomb of De Ternay in Trinity church yard a wreath or laurel sent by President Loubet.

Maine Wreck Decorated.

Havana, May 30.—When the people of Havana awoke on Memorial day they saw the wreck of the Maine the evidence of thoughtfulness and appreciation on the part of President Palma, who ordered that the wreck, which stands as a monument for more than 200 brave Americans, be appropriately decorated to commemorate the day. American and Cuban flags, garlands of roses and wreaths constituted the decorations, and memorial services were held in several of the American churches.

Services in the Philippines.

Manila, May 30.—Military forces here observed Decoration day. There were impressive services at the American cemetery, though bodies of only few soldiers are now buried there. The American club decorated the graves of civilians. It was thought advisable to declare the day a public holiday.

Machinists' Strike.

Palestine, Tex., May 30.—The machinists of the International and Great Northern railroad went out on strike Thursday, owing to the refusal of the company to increase their wages and to reduce the force of apprentices now working for the company. The machinists claim that the company has ignored the rules and regulations of their association, and their grievance was laid before General Manager Trice, who refused to comply with their demands. The strike includes all machinists working for the International and Great Northern system.

Will Investigate Explosion.

Clinton, Tenn., May 30.—Judge W. R. Hicks has instructed the grand jury of Anderson county to investigate the cause of the Fraterville mine explosion on May 19 at Coal creek in which 216 men and boys lost their lives and several officials have already been summoned.

Divided a Province.

Manila, May 30.—United States commission has passed the act of civil government by which the adjoining provinces of Lepanto and Bontoc are divided into three sub-provinces under one governor and two lieutenant governors.

Will Not Join the Combine.

Grand Rapids, Mich., May 30.—The Grand Rapids Furniture Manufacturers' association has practically decided not to join the proposed pool. This will be a severe blow to the combine and may prevent its materialization.

KING'S BIRTHDAY.

Militia Celebrate the Natal Day of the King of Great Britain.

London, May 30.—Birthday of King Edward, who was born Nov. 9, 1841, was officially celebrated today, it having been decided his natal day was to be celebrated in London at home stations, May 30, as being most suitable time for military display.

On other hand foreign stations will celebrate it November 9, the actual anniversary of his majesty's birth.

Towns throughout the kingdom were gaily decorated and shipping at various ports made gayest displays of hunting. The day was observed at all home military and naval headquarters with parades and salutes.

The chief celebration was the ceremony of "trooping the colors" on horse guards parade here, and the presentation of colors to the new Irish guards.

Stands covered with crimson cloth were erected on three sides of parade grounds, and were occupied by thousands of privileged spectators, including United States Ambassador Joseph H. Choate and Mrs. Choate, and secretary of the United States embassy, Henry White. Thousands of other persons were grouped closely around lines of sentries.

The troops taking part in the ceremonies were battalions of Irish guards, Grenadier guards, Scot guards and detachments of Life guards.

Tremendous cheering greeter the appearance of the king and his brilliant escort, which included many notabilities. His majesty, who rode between the prince of Wales and duke of Connaught, wore the uniform of a colonel of the Irish guards.

Lord Roberts, commander-in-chief of forces, who led procession, also wore the uniform of a colonel of the Irish guards. Queen Alexandra and other members of the royal family viewed the scene from the windows of the Horse guards.

The crowds present bared their heads while his majesty proceeded to the saluting point, after inspection of the line of troops and the presentation of colors, the ceremonies ended with a review of all troops on the ground.

YAQUIIS ARE UGLY.

They Raid Some Farms and Carry Off Stock and Provisions.

Tucson, A. T., May 30.—El Correo De Sonora says the Yaqui Indians are again on the warpath.

Tuesday a band of Yaquis visited La Carmen hacienda near Hermosillo and killed the governor of the ranch and a servant, besides carrying off provisions and taking away the best stock on the place.

Another band visited the ranch of Don Juan Maytorena near Guaymas, and raided its occupants, having escaped when they saw the Indians approaching. Several other haciendas were visited and robbed. A Guaymas paper says the situation is serious, but whether a general outbreak has set in it is unable to state at this time.

SENSATION IN SPAIN.

Message of Congratulation from a Spaniard on Republic of Cuba.

Paris, May 30.—It is announced in a dispatch to the Patrie from Madrid that Senor Sabano Arana, leader of Biscayan Nationalist party, sent a long cable message to President Roosevelt congratulating him on the establishment of a republican government in Cuba and that the Spanish censor suppressed the message. It is further asserted the Spanish government has ordered the prosecution of Senor Sabano Arana and that President Roosevelt has instructed the United States legation at Madrid to ask for an explanation.

Objected to Confederate Flag.

Birmingham, Ala., May 30.—The members of the local post Grand Army of the Republic dropped out of the parade in honor of Gen. Fitzhugh Lee Thursday because a Confederate flag was being carried by one of the colored boys. There were probably thirty-five veterans of the north in the parade, and these, in a body left the ranks, giving as their reason that the ritual of the Grand Army of the Republic states that no representative of the Grand Army of the Republic shall march in a procession or parade in which there are such a Confederate flag unfurled.

COUNTY SAFE BLOWN.

Burglars Rob Treasurer of the County of All the Cash.

Beaumont, May 30.—The safe of the treasurer of Hardin county at Kountze was blown up by burglars Thursday night and all the county's money stolen. The burglars and citizens had a battle at Silsbee, 10 miles east. One of the burglars was wounded but all escaped into a big thicket 20 miles north of Beaumont. The sheriff of this county with blood hounds has left for the scene.

Still Swearing in Deputies.

Hazleton, Pa., May 30.—All coal companies here are commissioning special officers to guard their property. A meeting of engineers, firemen and pumpmen employed at the collieries north of the city which includes coke, marke and kermerer men, will be held Sunday.

Heavy Rains in Oklahoma.

Oklahoma City, O. T., May 30.—The rain which has been falling for a week continues. Since March 1 the precipitation has amounted to 18 inches. The Canadian river at this point overflowed its banks Thursday and the wagon bridges are expected to go out. Several houses in the bottoms are afloat.

WAS NEAR CRATER

George Kavanaugh Within One Mile of Mont Pelee's Mouth.

MOST DARING FEAT.

He Walked upon Ashes Twenty Feet High That Seemed as Hard as Cement—Horrible Sights in the Valley Below.

Fort de France, May 30.—The crater of Mont Pelee has been approached within one mile. This feat was accomplished Tuesday afternoon by George Kavanaugh, an unattached newspaper man, who had accompanied Prof. Robert T. Hill, the United States government geologist on his expedition.

When Professor Hill turned south toward St. Pierre, Mr. Kavanaugh continued on past Morne Rouge. His route seems to have been along, or near the Cote Basse divide. He says he descended from Morne Rouge into the valley between Morne Rouge and Mont Pelee. This valley was deeply strewn with ashes. Mr. Kavanaugh was guided by an aged negress to where an old foot path once led to Lake Palmiste, near the summit of the crater. There an iron cross, 20 feet high, was buried in ashes to within a foot of its top. Before him stretched upward the mountain slope, covered with ashes, which soaked by the heavy rains and baked by the sun and volcano heat, looked like a cement sidewalk. The whole mountain top was shrouded in smoke.

Forgetful of the explosion of the previous night and the awful suddenness of the outbursts and tempted by the seemingly easy ascent, he continued upward and made photographs and rough sketches. Mr. Kavanaugh found the valley filled with ashes and two great rifts, which he was afraid to approach. At 6 o'clock in the evening he turned back reaching Morne Rouge at about 9 o'clock. He had made no new observations, and realized his danger only the next morning, when occurred the greatest outburst since Mont Pelee's first eruption.

On Wednesday Mr. Kavanaugh tried to descend to St. Pierre but failed. He found a little hamlet, in a valley near the mountain, black with 150 dead bodies. They were not carbonized nor had their clothing been burned off. Probably this valley lay near the inner edge of the zone of blasting flame.

TENNESSEE DEMOCRATS.

They Nominate Two State Officers and Reaffirm Kansas City Platform.

Nashville, May 30.—Tennessee's Democracy met at the capitol Thursday and amid enthusiasm and stirring scenes nominated Hon. James B. Frazer of Chattanooga for governor, and Hon. J. Neil McKnight for railroad commissioner.

Joseph Jones of Dresden was temporary chairman and Z. W. Ewing of Pulaski the permanent presiding officer.

While the Democrats were of one accord on the question of nominations, there being no contest whatever, they were badly split up on the question of a platform and many of the leaders are somewhat disgruntled over the result in endorsing the principles as set down in the Kansas City platform of 1900.

The essential parts of the platform finally adopted are these:

Kansas City platform and position of Democratic members of congress endorsed; declaration denouncing trusts; plank favoring tariff for revenue only; denunciation of the ship subsidy bill and the Republican position on the Philippines, favoring the speedy restoration of peace in the east and giving them independence. The platform declares against the increased standing army, denounces the Republican extravagance and favors the construction of the Nicaraguan canal. The planks following express sympathy for the Boers, liberal commercial relations with Cuba, indorse the administration of Governor McMillin, declares for such revenue laws as would reasonably limit the lien or right of recovery for taxes and such assessment as would make back or reassessment unnecessary. The platform next indorses the public school system and the text book law and the establishment of good roads.

Less important features are the declaration in favor of the state fair proposition, which has so agitated the people of Tennessee who favor the promotion of the agricultural interests of Tennessee, a revision of the state laws on the inspection of coal mines and factories to afford better protection for the laboring classes.

The platform does not touch upon the liquor question.

Volunteers to Be Released.

Washington, May 30.—Under the decision in the supreme court in the case of Cart. Peter G. Deming, Secretary Root has directed that 27 ex-members of volunteer organizations now serving sentence shall be released from confinement. Ten of the freed men are now at Fort Leavenworth penitentiary and the others at Alcatraz Island, Calif.

Lavigne Breaks His Arm.

MRS. HELENA BLAU,

Young Milwaukee Society Woman.

TEN thousand cured women have written to tell how Wine of Cardui bestows the blessing of health on every woman who takes it, rich and poor alike. Mrs. Helena Blau, No. 123 Seventh Street, Milwaukee, Wis., is one of the young women whom Wine of Cardui has rescued from a life of suffering. She writes:

The woman who has suffered from female weakness should do anything within reason to secure health. Wine of Cardui is the medicine that appeals to reasonable women—women who hold operations and cutting in horror—women who know that Nature is the best physician. Wine of Cardui gives women back their health by giving Nature a chance to build up the wasted and diseased tissue. Wine of Cardui regulates the menstrual flow and Nature, when relieved of the drains or of the poisons in the system, makes the functional organs strong and healthy again.

"Wine of Cardui is certainly 'women's best friend' and I am pleased to give my experience with it. A few months ago I caught a severe cold, having been out in inclement weather, which settled all over me, particularly in the abdomen. I was in almost constant pain. I consulted a physician and took his medicine for a month and without any relief. I then decided I would try your medicine and it was a lucky day for me when I did so. I noticed a change in a few days and felt encouraged to continue taking Wine of Cardui, and my patience was rewarded, for in two weeks my pains had left me and I felt like a new woman."

Any woman who is silently suffering untold pains because she is too sensitive to undergo a physician's examination and treatment can find no excuse for not securing relief when Wine of Cardui is offered to her. There is no publicity to deter her. She can take Wine of Cardui in the privacy of her home, with as much assurance of a final cure as though a dozen doctors recommended it. Many physicians do recommend Wine of Cardui to their patients.

Why not get a \$1.00 bottle of Wine of Cardui from your druggist today?

Birmingham, Ala., May 30.—The members of the local post Grand Army of the Republic dropped out of the parade in honor of Gen. Fitzhugh Lee Thursday because a Confederate flag was being carried by one of the colored boys. There were probably thirty-five veterans of the north in the parade, and these, in a body left the ranks, giving as their reason that the ritual of the Grand Army of the Republic states that no representative of the Grand Army of the Republic shall march in a procession or parade in which there are such a Confederate flag unfurled.

COUNTY SAFE BLOWN.

Burglars Rob Treasurer of the County of All the Cash.

Beaumont, May 30.—The safe of the treasurer of Hardin county at Kountze was blown up by burglars Thursday night and all the county's money stolen. The burglars and citizens had a battle at Silsbee, 10 miles east. One of the burglars was wounded but all escaped into a big thicket 20 miles north of Beaumont. The sheriff of this county with blood hounds has left for the scene.

Still Swearing in Deputies.

Hazleton, Pa., May 30.—All coal companies here are commissioning special officers to guard their property. A meeting of engineers, firemen and pumpmen employed at the collieries north of the city which includes coke, marke and kermeyer men, will be held Sunday.

Heavy Rains in Oklahoma.

Oklahoma City, O. T., May 30.—The rain which has been falling for a week continues. Since March 1 the precipitation has amounted to 18 inches. The Canadian river at this point overflowed its banks Thursday and the wagon bridges are expected to go out. Several houses in the bottoms are afloat.

WAS NEAR CRATER.

George Kavanaugh Within One Mile of Mont Pelee's Mouth.

MOST DARING FEAT.

He Walked upon Ashes Twenty Feet High That Seemed as Hard as Cement—Horrible Sights in the Valley Below.

Fort de France, May 30.—The crater of Mont Pelee has been approached within one mile. This feat was accomplished Tuesday afternoon by George Kavanaugh, an unattached newspaper man, who had accompanied Prof. Robert T. Hill, the United States government geologist on his expedition.

When Professor Hill turned south toward St. Pierre, Mr. Kavanaugh continued on past Morne Rouge. His route seems to have been along, or near the Cale Basse divide. He says he descended from Morne Rouge into the valley between Morne Rouge and Mont Pelee. This valley was deeply strewn with ashes. Mr. Kavanaugh was guided by an aged negress to where an old foot path once led to Lake Palmiste, near the summit of the crater. There an iron cross, 20 feet high, was buried in ashes to within a foot of its top. Before him stretched upward the mountain slope, covered with ashes, which soaked by the heavy rains and baked by the sun and volcano heat, looked like a cement sidewalk. The whole mountain top was shrouded in smoke.

Forgetful of the explosion of the previous night and the awful suddenness of the outbursts and tempted by the seemingly easy ascent, he continued upward and made photographs and rough sketches. Mr. Kavanaugh found the valley filled with ashes and two great rifts, which he was afraid to approach. At 6 o'clock in the evening he turned back reaching Morne Rouge at about 9 o'clock. He had made no new observations, and realized his danger only the next morning, when occurred the greatest outburst since Mont Pelee's first eruption.

On Wednesday Mr. Kavanaugh tried to descend to St. Pierre but failed. He found a little hamlet, in a valley near the mountain, black with 150 dead bodies. They were not carbonized nor had their clothing been burned off. Probably this valley lay near the inner edge of the zone of blasting flame.

TENNESSEE DEMOCRATS.

They Nominate Two State Officers and Reaffirm Kansas City Platform.

Nashville, May 30.—Tennessee's Democracy met at the capitol Thursday and amid enthusiasm and stirring scenes nominated Hon. James B. Frazer of Chattanooga for governor, and Hon. J. Neil McKnight for railroad commissioner.

Joseph Jones of Dresden was temporary chairman and Z. W. Ewing of Pulaski the permanent presiding officer.

While the Democrats were of one accord on the question of nominations, there being no contest whatever, they were badly split up on the question of a platform and many of the leaders are somewhat disgruntled over the result in endorsing the principles as set down in the Kansas City platform of 1900.

The essential parts of the platform finally adopted are these:

Kansas City platform and position of Democratic members of congress endorsed; declaration denouncing trusts; plank favoring tariff for revenue only; denunciation of the ship subsidy bill and the Republican position on the Philippines, favoring the speedy restoration of peace in the east and giving them independence. The platform declares against the increased standing army, denounces the Republican extravagance and favors the construction of the Nicaraguan canal. The planks following express sympathy for the Boers, liberal commercial relations with Cuba, indorse the administration of Governor McMillin, declares for such revenue laws as would reasonably limit the lien or right of recovery for taxes and such assessment as would make back or reassessment unnecessary. The platform next indorses the public school system and the text book law and the establishment of good roads.

Less important features are the declaration in favor of the state fair proposition, which has so agitated the people of Tennessee who favor the promotion of the agricultural interests of Tennessee, a revision of the state laws on the inspection of coal mines and factories to afford better protection for the laboring classes.

The platform does not touch upon the liquor question.

Volunteers to Be Released.

Washington, May 30.—Under the decision in the supreme court in the case of Capt. Peter G. Deming, Secretary Root has directed that 27 ex-members of volunteer organizations now serving sentence shall be released from confinement. Ten of the freed men are now at Fort Leavenworth penitentiary and the others at Alcatraz Island, Calif.

Lavigne Breaks His Arm.

San Francisco, May 30.—Word has been sent out from "Kid" Lavigne's quarters that his arm was broken in three places in the fight Thursday with Jimmy Britt. There are said to be two fractures of the smaller bones and one of the larger one.

MRS. HELENA BLAU,

Young Milwaukee Society Woman.

TEN thousand cured women have written to tell how Wine of Cardui bestows the blessing of health on every woman who takes it, rich and poor alike. Mrs. Helena Blau, No. 123 Seventh Street, Milwaukee, Wis., is one of the young women whom Wine of Cardui has rescued from a life of suffering. She writes:

The woman who has suffered from female weakness should do anything within reason to secure health. Wine of Cardui is the medicine that appeals to reasonable women—women who hold operations and cutting in horror—women who know that Nature is the best physician. Wine of Cardui gives women back their health by giving Nature a chance to build up the wasted and diseased tissue. Wine of Cardui regulates the menstrual flow and Nature, when relieved of the drains or of the poisons in the system, makes the functional organs strong and healthy again.

"Wine of Cardui is certainly 'worn out' women's best friend and I am pleased to give my experience with it. A few months ago I caught a severe cold, having been out in inclement weather, which settled all over me, particularly in the abdomen. I was in almost constant pain. I consulted a physician and took his medicine for a month and without any relief. I then decided I would try your medicine and it was a lucky day for me when I did so. I noticed a change in a few days and felt encouraged to continue taking Wine of Cardui, and my patience was rewarded, for in two weeks my pains had left me and I felt like a new woman."

Any woman who is silently suffering untold pains because she is too sensitive to undergo a physician's examination and treatment can find no excuse for not securing relief when Wine of Cardui is offered to her. There is no publicity to deter her. She can take Wine of Cardui in the privacy of her home, with as much assurance of a final cure as though a dozen doctors recommended it. Many physicians do recommend Wine of Cardui to their patients. Why not get a \$1.00 bottle of Wine of Cardui from your druggist today?
